Summary: The virus that causes 2019 Coronavirus Disease (COVID-19) is easily transmitted through person to person contact, especially in group settings, and it is essential that the spread of the virus be slowed to protect the ability of public and private health care providers to handle the influx of new patients and safeguard public health and safety. Because of the risk of the rapid spread of the virus, and the need to protect the most vulnerable members of the community, this Order prohibits community gatherings, as defined by Section 3 herein, of 50 persons or more anywhere in City of Seagoville beginning at 10:00 a.m. on March 21, 2020, and continuing

For gatherings of less than 10 persons, the Office of the Mayor of the City of Seagoville, in view of the recommendations of the Dallas County Health Authority, strongly recommends following the social distancing protocols attached to this Order. Additionally, the Office of the Mayor and the Dallas County Health Authority urges in the strongest terms possible all high-risk individuals, as defined by the Centers for Disease Control and Prevention (CDC), cancel, reschedule, or not attend any event.

2. In addition, the Office of the Mayor and the Dallas County Department of Health and Human Services ("Health Authority") strongly urge high-risk individuals to cancel, reschedule, and not attend all gatherings until further notice. These recommendations are based on the social distancing practices attached to this Order as well as the "Implementation of Mitigation Strategies for Communities with Local COVID-19 Transmission" issued by the United States Centers for Disease Control and Prevention ("CDC"). The Office of the Mayor and the Dallas County Health Authority urge people to not attend non-essential gatherings during the duration of this Order in order to help slow down the spread of the COVID-19 virus.

For purposes of this Order, a "Community Gathering" is any indoor or outdoor event or convening, subject to the exceptions and clarifications below, that brings together or is likely to bring together fifty (50) or more persons within six feet of one another for extended periods at the same time in a single room or other single confined or enclosed space, such as an auditorium, theatre, stadium (indoor or outdoor), arena or event center, meeting hall, conference center, large cafeteria. An outdoor "Community Gathering" under this Order is limited to events in confined

outdoor spaces, which means an outdoor space that (i) is enclosed by a fence, physical barrier, or other structure and (ii) where people are present and they are within six feet of one another for extended periods. For clarity, community gatherings include, but are not limited to, weddings, religious services, funerals, and other gatherings.

- c. This Order does not prohibit gatherings of people in multiple, separate enclosed spaces in a single building such as school classrooms, residential buildings, or hotels, so long as 50 people are not present in any single space at the same time. This Order also does not prohibit the use of enclosed spaces where 50 or more people may be present at different times during the day, so long as 50 or more people are not present in the space at the same time. For example, residential buildings may continue to operate their common facilities, such as laundry facilities, so long as 50 or more people are not present at the same time. For any gathering covered by this subsection, the Office of the Mayor and the Dallas County Health Authority strongly encourage compliance with the attached Recommendations, including social distancing, providing hand sanitizer and tissues, and increasing cleaning of commonly and frequently touched services.

6. Due to increased demand for bath or toilet tissue resulting from stock up buying and individuals who purchase for resale, a mandatory limit on toilet paper sales is instituted until the supply chain meets the demand or two weeks, whichever comes first. 12. The City of Seagoville must promptly provide copies of this Order by posting on the City of Seagoville website. In addition, the owner, manager, or operator of any facility that is likely to be impacted by this Order is strongly encouraged to post a copy of this Order onsite and to provide a copy to any member of the public asking for a copy. If any subsection, sentence, clause, phrase, or word of this Order or any application of it to any person, structure, gathering, or circumstance is held to be invalid or unconstitutional by a decision of a court of competent jurisdiction, then such decision will not affect the validity of the remaining portions or applications of this Order.

- Follow guidance and directions of all facilities.

7) Everyone: Do your part

The best way for all City of Seagoville residents to reduce their risk of getting sick, as with seasonal colds or the flu, still applies to prevent COVID-19:

- Wash hands with soap and water for at least 20 seconds.
- Cough or sneeze into your elbow or a tissue. Throw the tissue in the trash.
- Stay home if you are sick.
- Avoid touching your face.
- Try alternatives to shaking hands, like an elbow bump or wave.
- If you have recently returned from a country, state or region with ongoing COVID-19 infections, monitor your health and follow the instructions of public health officials and CDC guidance.
- There is no recommendation to wear masks at this time to prevent yourself from getting sick.

You can also prepare for the possible disruption caused by an outbreak. Preparedness actions include:

- Prepare to work from home if that is possible for your job, and your employer.
- Make sure you have a supply of all essential medications for your family.
- Prepare a child care plan if you or a caregiver are sick.
- Make arrangements about how your family will manage a school closure.
- Plan for how you can care for a sick family member without getting sick yourself.
- Take care of each other and check in by phone with friends, family and neighbors that are vulnerable to serious illness or death if they get COVID-19.
- Keep common spaces clean to help maintain a healthy environment for you and others. Frequently touched surfaces should be cleaned regularly with disinfecting sprays, wipes or common household cleaning products.
